WHAT IS CM/ECF?

[CM/ECF stands for “Case Management/Electronic Case Files.”](#) CM/ECF is the automated case management and electronic docketing system for the U.S. Bankruptcy Court for the District of Maryland. CM/ECF provides an easy-to-use electronic case filing feature that makes life easier for you by allowing you to file and view court documents over the internet.

How Does it Benefit You?

CM/ECF will allow users to file and view documents from their office, home or anywhere they have access to the Internet, 24 hours a day. Documents are automatically docketed as part of the filing process and are immediately available electronically. CM/ECF also provides the following benefits:

- Automatic e-mail notice of case activity.
- The ability to download and print documents directly from the court system.
- Concurrent access to case files by multiple parties.
- Secure storage of documents.
- Potential reduction in courier fees and copy costs.

[Click HERE to Return to Interactive Menu](#)

How Does it Work

The electronic case filing system accepts documents in a portable document format (PDF). PDF retains the way a document looks when viewing it across different platforms, so the pages, fonts and other formatting are preserved. Filing a document with the court's CM/ECF system is quite easy:

1. Create the document using word processing software or by using your bankruptcy preparation (case upload) software.
2. Save the document in PDF format.
3. Log onto the court's CM/ECF system, using a court-issued login and password.
4. Follow the set of simple prompts to provide information about the case, party and document to be filed.
5. Attach the PDF document and submit it online to the court for filing.
6. Save or print the CM/ECF electronic receipt e-mailed from the court confirming that the document was filed.

What Does it Cost?

There are no added fees for filing documents over the Internet using CM/ECF; existing document filing fees still apply. Electronic access to court data is available through the Public Access to Court Electronic Records ([PACER](#)) program. You receive one free copy of documents filed electronically in your cases, when you receive electronic notice. Additional copies are available for viewing or downloading. Visit the PACER web site to register and for updates on their fees and billing information.

Electronic filing is mandatory in the US Bankruptcy Court for Maryland, as described in [Administrative Order 11-03](#).

ACCESSING CM/ECF

The CM/ECF system is a web-based software program. CM/ECF allows attorneys and other public users to submit pleadings for filing and view case data from the internet. Two sets of logins and passwords are required for Internet users (Attorneys, U.S. Trustee, Trustees, and authorized Creditors):

1. [CM/ECF](#) – Allows for the filing of documents.
2. [PACER](#) (Public Access to Electronic Records) – Allows access to case information and reports.

The client code field is an option used by PACER users to associate an activity to specific client(s). All users are personally responsible for the activity with their logins. CM/ECF participants have access to maintain their password, their mailing and e-mail addresses.

CM/ECF attorney registered users must subscribe to electronic notification. Notices can be monitored throughout the day or by requesting a daily summary of activity. Every attorney user can access a copy of the document that has been filed one time without charge. It is advisable to save or print this document. Subsequent requests through the document's hyper link will take the user directly to the PACER login screen.

PACER – PUBLIC ACCESS TO ELECTRONIC RECORDS

Click [here](#) to register for PACER.

PACER is an electronic public access service that allows users to obtain case and docket information from federal appellate, district, and bankruptcy courts, and the PACER Case Locator via the internet. PACER is provided by the federal Judiciary in keeping with its commitment to providing public access to court information via a centralized service.

MOTION TO WITHDRAW OR SUBSTITUTE APPEARANCE OF COUNSEL: 25 CASES OR MORE

[Click here](#) for instructions on filing a single Notice of Appearance.

Review [Local Bankruptcy Rules](#) particularly LBR 9010-4 and 9010-5 for guidance before filing a motion to withdraw or substitute appearance of counsel.

The attorney who is withdrawing or substituting their appearance must provide the court with a list of their active cases. To obtain the list please contact the Director of

[Click HERE to Return to Interactive Menu](#)

Operations or Division Manager to request a report of active cases. The report will be generated in pdf format and sent to the attorney by email. This list must be filed as an attachment to the motion to withdraw or substitute.

The court's practice is to require counsel to file motions to substitute or withdraw an attorney's appearance in multiple cases (25 cases or more) as a miscellaneous petition (MP). The MP case is assigned a separate case number from the bankruptcy cases in which the attorney's appearance is being withdrawn or substituted. Please note that the MP event is not available to attorneys to select from the ECF Case Opening menu and therefore cannot be filed electronically. The motion must be filed in electronic format on disk or CD-ROM in compliance with the Court's [Administrative Order 11-03](#).

Procedures for Filing the Motion

- **Caption**
The motion should be captioned 'Miscellaneous Proceeding to Withdraw/Substitute Counsel'
- **Case Number**
Miscellaneous Proceeding Number should be inserted; provide a blank space for the MP case number which will be assigned by the Clerk's Office.
- **Proposed Order**
The proposed order should have the same caption as the motion and state the requested relief.
- **Substituted Attorney**
If known, the name of the new attorney to be substituted for the former attorney should be contained in the motion and proposed order.

Please include a cover letter to accompany the disc or CD-ROM indicating that the pleading is a Miscellaneous Petition relating to a motion to withdraw/substitute counsel. Because of the number of cases involved, if the motion is granted, the order will be docketed in the MP case only. The order is not issued to any parties, with the exception of the withdrawn or substituted attorney.

[Click HERE to Return to Interactive Menu](#)

A docket entry regarding the notice of substitution in the MP case will be mass docketed in all the affected bankruptcy cases. There is no written notice and this entry merely serves as a cross reference to the MP case explaining why the attorney's appearance is withdrawn or substituted.

MOTION TO SEAL AND RESTRICTED DOCUMENTS: PUBLICLY AVAILABLE MOTION, PLUS SEPARATELY DOCKETED RESTRICTED DOCUMENT

Highly Sensitive Documents (HSDs) should NOT be filed in CM/ECF; they must be filed in paper and not under seal through the Court's electronic case filing system. For HSD filing instructions, contact the Clerk's Office at (410) 962-2688 or (301) 344-8018 for further instruction.

HSDs contain information that is so sensitive and confidential that additional precautions beyond sealing the document from public view on the Court's CM/ECF system is required. Factors used to determine whether a document constitutes an HSD include whether the case involves: national security; foreign sovereign interests; criminal activity related to cybersecurity; intellectual property, trade secrets, or sensitive commercial information likely to be of interest to foreign powers; terrorism; investigation of public officials; or the reputational interests of the United States. The following types of documents are generally not considered HSDs: Social Security records, administrative immigration records, information about minors, documents related to domestic abuse, and most other sealed filings in bankruptcy cases.

A Motion to Seal is filed when a filer does not want information available on the public docket and therefore will file a Motion to Seal.

NOTE: The Motion to Seal event is not restricted. The document that needs to be sealed is filed separately under Miscellaneous/ Restricted Document for Motion to Seal.
